To optimize the impeccable location and setting, there is a seamless open-plan flow between the interior and exterior living areas (where white horizontals are softened by rim flow pools and lush green elements). The open-plan design of the villas, and their floor to ceiling windows allow for sweeping panoramic views of Camps Bay and the beachfront. Each villa has its own three-stop, glass-clad platform lift linking its dedicated three-car garage to the two living levels. The villas all have stone-clad water features; sky-lit double volume kitchens; and statement staircases with floating stairs. The bathrooms feature a Philippe Starck bath, Duravit sanitary ware, Vero basins, frameless glass showers, underfloor heating, and heated towel rails.
