Alice Lane Building 3 is the perfect example of quality, safety, and ease of use. It is in a great spot in the middle of all the action in Sandton. This, along with nearby attractions like Sandton City and Nelson Mandela Square, makes it a very desirable building. With backup engines and water tanks and security that is on duty 24 hours a day, seven days a week, it seems like the perfect place for businesses to grow without any problems. This office on the third floor is "white-boxed," which means it's empty and ready for you to make it exactly how you want it. The pillars in the office are placed in a way that makes the area work best for its purpose. An abundance of natural light fills the room, making it feel warm and inviting. Feel free to get in touch with me or Schedule a viewing.
