3 Cuscaden is a freehold development brought to you by SL Capital (2) Pte Ltd. The development comprises 96 residential units, ranging from 1-3 bedroom. About The Design 3 Cuscaden’s design explores the extension of space, light and sight. The modern design of the facade features expansive glass curtain-walls that dematerialise the hard edges of the structure, allow natural light to fill the interiors and provide sweeping views of the cityscape. The architecture strives for tranquility and calm, achieved through the interplay of space, light and structural order, as well as pockets of green spaces spread across the levels. These different areas are demarcated by the assemblage of solids, voids and lattices. Expected T.O.P.
