This beautiful plot of land is located in the centre of the island with lovely views of the countryside, sea and sunset. It is a large rustic plot with a project and license to build an amazing property spread out over 800m2 with guest house and staff house all interconnected by walkways and pergolas. The vista from every angle of the villa has been carefully planned so the view from every window, door, terrace or outdoor room is beautiful. Water features on terraces and in courtyards add to the relaxing vibe. Luxurious additions, such as a spa, gym and outdoor cinema, are all designed to enhance the building and blend with the surroundings, while incorporating natural elements as much as possible. The villa will have numerous outdoor rooms where you can dine, relax or just chill.
