Glorious light illuminates this spectacular modern Penthouse on a commanding height above the town. By day, its subtle skylights reflect a spectrum of color on high white ceilings and walls. Evening shadows carve dramatic sunsets on the mountains and the night views mesmerize. Formal lines and sleek natural stone floors complement the Penthouse which is extensive yet comfortable and above all, endowed with a warm friendly ambience enhanced by the owners' personal treasures from world travels, some of them displayed in gallery settings. Open dining and living areas magnify the overall sense of sculptured space. There are three generous sized bedrooms, and three and a half baths with the Master suite boasting a sitting area, private terrace and an ample walk-in closet. Finished to their tasteful specifications, the owners incorporated various practical ideas and amenities including an open bar, a stainless steel galley-style kitchen, a private office, and three outdoor terraces. A large service area has a laundry room, bedroom and bath. Additional storage is in the independent parking area which holds 7 plus cars. The completely separate, non public entrance gives the impression of a private home yet maintains the amenities and conveniences of a turn key penthouse. Premium Panorama Penthouse takes its name from the unsurpassable views, and having a sense of over seeing it all.
