This new 2-year-old cluster is located in the greatest location in the complex, away from the road and elevated above the rest of the complex, allowing for views from the upstairs rooms and balconies. A glass, wood, and concrete architectural feast where you may enjoy life in a safe, private, and serene setting. This residence is the ultimate home for a contemporary lifestyle, with an entrance water feature, atrium with space for your own sculptural piece, and a smooth flow of inside and outside living. 4 open-plan welcome areas and a voluptuous white chef's kitchen with integrated fridges, ovens, and an eat-in counter that forms part of the living space.

There is a guest suite downstairs, a pajama lounge upstairs, and four en-suite bedrooms. A digital air conditioning system, CCTV surveillance, a swimming pool with an automated pool cover and water feature, and a boma are among the features. There is also staff housing and a triple garage.
