Villa De Luxe features a fully-equipped, cutting-edge, open-plan kitchen with sleek marble finishes, where a professional chef will prepare your meals to be eaten at the ten-seat private dining room table or at the huge natural oak table next to a 13m lap pool. Guests can escape to the ultra-comfortable completely air-conditioned bedrooms, which have soft carpets, extra-long mattresses with quality linen, a full deluxe bathroom, and private balconies to take in the scenery. Each bedroom has its own full dressing area with a gorgeous vanity station that includes a hairdryer, slippers, premium bath robes, and other amenities. The private room includes a fireplace and wonderful views of the vineyard and mountains. The property has free high-speed Wi-Fi and Netflix access.

All aspects of the Villa are exclusively available to guests. (Breakfast is included in the villa rent and is cooked daily by the in-house chef). Guests can use the kitchenette, washing machine, and tumble dryer. Because the Villa also caters to Halaal and Kosher guests, it is required that no pork items be prepared or consumed on site.

Villa De Luxe Franschhoek is a recently constructed villa in a secure and attractive setting with breathtaking views of vineyards, working farms, and the Franschhoek Pass. It is only a 15-minute walk to the heart of Franschhoek, where you can find a wide choice of art galleries and some of South Africa's finest restaurants. All of the best and most well-known Wine Estates and Vineyards are nearby.
