Cornwall Hill's White house with a view:

This house is on a 1.3059-hectare plot of land and has 6 bedrooms, 5 bathrooms, and a separate flat/staff housing wing with 2 bedrooms, 1 bathroom, and a living area with a kitchenette. It is perfect for an executive family.

This house is safe and private, and it has a view of the Rietvlei dam/nature reserve that can't be blocked. High-quality interior finishes make stylish and comfortable indoor and outdoor entertainment places look their best. There are high ceilings, living rooms with grand proportions, a beautiful staircase, a stunning movie theater, and a lot more. A lot of the living spaces lead to their own private patios with roofs. There is also a gym, a pool, fountains, surround sound, an Eago shower, a bar with wine racks in the leisure area, a study, 4 garages, a Siemens built-in fridge and freezer, and a Siemens hot plate stove and convection oven.
