This is a very clean, three-bedroom, two-story cluster with two and a half bathrooms for sale. This cluster is big, and the living area is sunny. It has a living room, a dining room, a kitchen, and a spare bathroom downstairs. From the patio cover, you can get to a small yard. There are three light and airy bedrooms on the second floor, all with wooden floors. There is a big bathroom right next to the main bedroom. The bath in the second bathroom serves the other two bedrooms. It has its own small porch that faces the nature reserve and looks out over the place. The double garage has doors that open and close automatically, and it goes into the house. Alarm, irrigation, TV, and a borehole point are some of the extras.
