Welcome to a luxurious haven tucked away in the famous Waterfall Country Estate. As soon as you walk through the grand door, the formal lounge greets you with its timeless elegance.

There is a place to be productive on your left that is beautifully decorated and meant to help you be creative and concentrate. There is a guest bathroom right next to it that makes sure that every detail has been carefully thought out to make you as comfortable as possible.

As you go further, the real heart of this beautiful home opens up in front of you. Welcoming with its shiny countertops, cutting-edge tools, and separate scullery for private preparations, the open-plan kitchen is a work of culinary art. After a day of exploring and indulging, the kitchen runs right into a cozy TV lounge area, where you can relax with your loved ones.

An elegant dining room is connected to this lovely room, waiting for you to meet and enjoy delicious meals with valued friends and family. Because it is filled with natural light, a sun room is a peaceful place to relax where you can enjoy the warmth of the sun and take in the beauty of the outdoors.

The house has a built-in braai area, which is perfect for having parties and other events. The delicious smell of food being grilled will make you feel like you're in heaven.

A luxurious guest bedroom with its own bathroom is waiting for you on the lower floor. Guests will really feel pampered as they enjoy the peace and ease of this private area. The outside world is calling through big doors that open to a patio with stunning views of the well-kept garden and pool area.

As you walk up the beautifully designed stairs, you'll find a luxurious pyjama room that was carefully made to be a place to relax and unwind. Next to this area are five beautiful bedrooms, each of which is a masterpiece of unmatched comfort and style.

A beautiful Jack-and-Jill bathroom connects two of these bedrooms. It has high-end finishes and was carefully planned. Every one of the remaining three bedrooms has its own bathroom, which shows how much care was put into every part of this beautiful home.

A double staff room takes care of the needs of the family, so you can just enjoy the beauty of this prestigious home.

In conclusion, this home at Waterfall Country Estate is the perfect example of elegant living, combining luxury and comfort in a way that works well together. Each and every part of this stately home has been carefully designed to immerse you in a world of grandeur and grace. It is an experience that will never be forgotten by your senses or your soul.
