The best plug-and-play office in Sandton Central

The Place is the best place to find high-end office space in the middle of Sandton. This beautiful plug-and-play office space makes it easy to move into a fully-furnished, professionally designed office, so your business can start running right away.

Important things about this beautiful office space:

1. Sophisticated Interior: This office suite has a high-end interior design with open-plan work areas, meeting rooms, and boardrooms that are all well-equipped. You can enjoy the comfort of a fully-stocked kitchen and the privacy of your own bathroom in the suite.

A lot of natural light: The room is filled with natural light from the big windows that make it a warm and welcoming place to work and also give you stunning views of the city.

3. Prices that cover everything: No more dealing with different bills. The rent includes not only the office area, but also parking, utilities, and the full interior fit-out, which includes all the furniture. There are no secret fees, except for VAT, so you can see exactly how much you're spending. This office also gives you a lot of freedom; you can sign a short-term lease for 12 months without any problems.

4. Highly Visible Location: The Place is a great place for your business to get a lot of attention. Use the possible signage choices to make sure that your brand stands out in this important spot.

5. Reliable Infrastructure: You can add more parking spots as needed because there are backup water facilities and a high parking ratio. Your business can keep running smoothly even if the water goes out.

Power Reliability: One big benefit for Sandhurst is that it doesn't have to deal with load cutting. The building also has a backup generator to make sure there is always power, so you won't have to worry when the power goes out unexpectedly.

This ready-to-use office space at The Place in Sandton Central is a one-of-a-kind chance for businesses that want a high-quality, hassle-free place to work. Take your business to a whole new level in one of South Africa's best business areas. Do not pass up this great opportunity. Get in touch with Jess right away to find out more.
