Along Montecasino Boulevard in Fourways, in a very desired area, Monte Circle is easy to get to from both Witkoppen Road and Winnie Mandela Drive. This business office park, which has been awarded the Green Star, has both an Italian village feel and modern features. It is on the Gautrain bus route and right across the street from Monte Casino, which has many restaurants, shops, entertainment places, and hotel rooms. The office park has lovely rose gardens and water features all over, making it a peaceful place to work. The park also has controlled entry boom gates and security guards who work 24 hours a day to make sure everyone is safe. Generators and water tanks are in the office park in case the power goes out. There is a lovely café on-site that serves tasty snacks and drinks.

This second room is ready to be used right away. There are big open-plan areas, plenty of private offices, boardrooms, a bathroom with a shower, and a kitchenette that is built right in. An abundance of natural light flows through, making the space feel warm and inviting.
