Monte Circle is in a very nice place in Fourways, right on Montecasino Boulevard. It's easy to get to from both Witkoppen Road and William Nicol Drive. This business office park, which has been awarded the Green Star, has both an Italian village feel and modern features. It is on the Gautrain bus route and right across the street from Monte Casino, which has many restaurants, shops, entertainment places, and hotel rooms. The office park has lovely rose gardens and water features all over, making it a peaceful place to work. The park also has controlled entry boom gates and security guards who work 24 hours a day to make sure everyone is safe. There is a lovely cafe on site that serves tasty snacks and drinks.

This 406-square-meter office room is on the lower ground floor and can be used right away. The office is set up in an open plan and has rugs all over. It could be changed to fit your needs by adding drywall to make a reception area, boardroom, meeting room, four separate offices, a kitchenette, and an open plan space.

Contact us today to schedule a viewing.
