This modern building at 70 Grayston Drive is in the busy business district of Sandton. It has perfect looks and a security door that is watched by staff. There are also backup engines installed, and storage space is available for R65/m2.

In addition to being in a great spot right next to the Benmore Shopping Centre, this building also has great visibility for putting up signs. The office is an open-plan, but there are a few private spaces that are already set up. It has a friendly lobby, a large, well-lit boardroom, a kitchenette that's as big as a roomy apartment, and a luxury suite with a balcony that has views that will take your breath away.

Contact me to find out more or schedule a viewing.
