This building is located at Sinosteel Plaza and has a great location in the central business area of Sandton. It's easy to get to a lot of great amenities, making it both a strategic business hub and a lively place to live. You can be sure that the building is safe because it has excellent security measures in place, and there are plenty of parking spots for tenants and visitors.

In addition to being easy to get to, the building is close to the Gautrain stop, which makes commuting easy for everyone. Its location near exits for the N1, M1, and N3 freeways makes it even easier to get to, making it very convenient and well-connected.

The building has a designated dining area because it was made with the comfort of its residents in mind.

Great place to rent an office! There is a modern feel to this office thanks to the white walls and glass walls. The office has a lobby with a built-in desk, a big boardroom, meeting rooms, and private offices of different sizes. There is a pantry and a room to rest for lunch breaks. The room has a lot of natural light coming in.

Reach out to me if you would like to view the office space.
