finished with the best materials and equipped with designer furniture that is second to none. There are 3 bedrooms and 3 bathrooms, and all of them have high-end finishes that emphasize the modern, classy, and comfortable style. You can park off-street, and there is protection around the clock.

The right place to play and have fun, with a BBQ and a boma vibe. Great for having family and friends over.

Bantry Bay is a private place that doesn't get windy and is close to the promenade.
