We don't often see a home with such beautiful architecture and a location so close to the mountains in Tamboerskloof, a famous suburb of Cape Town.

This city home with two bedrooms is great for a family. The front door and living room are a good size, and there is a wood-burning stove for those cold winter nights.

A modern kitchen that works well and has sliding stacking doors that lead to the backyard, which is great for parties. There is a gas stove, an oven, and an electric microwave oven in the kitchen. It also has a scullery to the side that has a place to wash dishes.

The master bedroom has its own bathroom, and the second bedroom can use the full bathroom.

There is a garage and a storage room under the house that could be used as a work space or turned into an Airbnb unit. With well-kept grounds and a lemon tree that has been there for a long time.
