This amazing home has a lot of great features that have all been carefully put in the best places. Offering total privacy without giving up the breathtaking views. A dramatic entrance leads you to high-end rooms that will go above and beyond your hopes. The living room, dining room, and kitchen are all open to each other, so the beautiful views can be seen right away. You're pulled to the patio for entertaining, which has stack-away doors so that you can still see outside. The gourmet kitchen area is fully functional and cleverly built so that you can do other things while you cook, which always makes for great long family dinners. With built-in tools and a stylish gas stove. A well-equipped bar makes it easy for people to get together and have a good time. Stack doors make it easy to go from inside to outside and lead to a large patio. The main en-suite is large and luxurious, with a large living room, a walk-in closet, a luxurious bathroom, and a door that leads to a private patio with stunning views. There are two more bedrooms that are exactly the same, so you can relax, have space, and feel comfortable right away. The extra bedroom on the ground floor has a beautiful bathroom right next to it. For those who venture outside, they will find a peaceful haven complete with a sparkling pool calling them to take a relaxing dip.
