This home has a great vibe thanks to its unique design and the way that glass, rich textures, and natural and warm tones work together. Full of light and life, this apartment is the perfect mix of modern living and pure luxury. A place of peace and quiet. The visual feast starts as soon as you walk through the glass door. The reception areas are fun, colorful, and comfortable. They have both formal and informal open-plan rooms, as well as warm spaces that make it easy to live indoors and outdoors. Stack-away doors lead from each room to the private yard and pool. The modern kitchen has an open layout with a breakfast bar and different areas for laundry and cooking. Four rooms that are light and airy. The four-bedroom en-suite is downstairs, while the three bedrooms with en-suite bathrooms are upstairs. The master bedroom has a door that leads to a private porch with beautiful views of the area. The fourth bedroom has its own door, so it could be used as a helper's room. This house has air conditioning, solar panels with a 5kWh inverter and 2 Lithium Ion 3.5KVA batteries, as well as 2 backup water tanks and aluminum window and door frames. The garages are both automated, and there is a lot of parking in the yard. The rent amount does not include the land tax or utilities. Reach out today to schedule a private viewing.
