This home is bright and beautiful, with high ceilings and large bay windows. It was just remodeled. Large, nicely-designed greeting areas, such as a lounge with a built-in bar and a dining room with new vinyl flooring. The new kitchen has a gas stove, brand-new tools, and a separate scullery/laundry room. There are three big bedrooms and two full modern bathrooms with nice finishes. One of the bathrooms is en-suite to the master bedroom. The gym is upstairs, along with a big study that could be used as another living room if needed. The covered patio with a view of the pool and low-maintenance yard is a great place to have parties with family and friends. The property also has a backup inverter system, a putting green, air conditioners, and a double automatic garage with plenty of paved parking for guests.
