Through double-hung glass doors, you'll enter a big hall with double-hung windows that run all the way through the house. The living room is open concept and has a lounge with a fireplace, a dining room table with eight chairs, and a second lounge. The lounge leads out to a patio with a built-in braai, a sparkling pool, and a small yard that is easy to take care of. The house is finished very well, and the floors are tiled all over. It has a big fridge, a gas stove, and an under-the-counter gas oven with an extractor fan. The countertops are made of Caesarstone. One bedroom is downstairs and has a lot of closet space. It opens up to a patio and has its own shower room. There are four bedrooms on the second floor. Three of them have double beds, and the master bedroom has a queen bed. There is a full bathroom and a walk-in closet in the main bedroom. This home is complete with double garage and staff housing.
