This home has recently been remodeled and now has large rooms and useful living areas. The lobby is downstairs, and it has a beautiful open-plan living room with a fireplace, a dining room, and a modern, gourmet kitchen with a separate scullery and laundry room. On the second floor, there is a pajama lounge and three large bedrooms. Each has laminate floors, built-in closets, and a balcony with a view of the garden. One of the bedrooms is a full en-suite bathroom, and the other two bedrooms share a full bathroom. There is also a guest toilet. The covered patio has a built-in braai and pizza oven, as well as a well-kept yard and a sparkling pool. Great for having family and friends over! Some other features that are worth mentioning are the space for staff, the storage, and the two automatic garages that lead directly into the house. Home is available, contact us right away.
