This beautiful house has a two-story entrance hall that is bright and airy, with a winding staircase and a big window that stands out. The formal living room and dining room has a fireplace that makes it a great place to have people over on cold winter nights. With sliding doors, the living room opens up to a patio with a view of the pool. Under the trees, the yard is a great place to relax. A scullery and a walk-in pantry are in the kitchen. The pantry has room for three under-counter tools and a double-door fridge. For eating times when the power goes out, the stove can run on both gas and electricity. Downstairs, there are two bedrooms and a big bathroom that serves both of them. The study and main bedroom are upstairs. The master bedroom has a walk-in closet and an en suite bathroom with air conditioning. This house comes with a double garage. Get in touch with us right away to set up a private showing.
