Fully furnished and equipped with high-quality furniture and decor. This beautiful home offers an impossible way of life that you have to see to fully understand how beautiful and peaceful it is. Country life in peace, away from the noise and chaos of the northern part of Johannesburg but only a chip and a putt from everything you need. There are two big shopping malls and some beautiful schools close by. Fourways Mall and Cedar Square are also not too far away. Located in an area that is very safe, with level 4 security. You'll always feel like you're on vacation. The house has a large living room with a double-volume roof, and there is a study area built into the living room so you can get work done. The fiber is linked and working. The eating room is right next to the kitchen, which makes it easy to have people over. A lovely mix of French, old, and country-style furniture, with extra care put into the finishing. A modern, clean, white kitchen with Ceasar stone countertops, lots of cabinets, a stove, an under-the-counter oven, a chandelier, and a window that opens to let the fresh country air in. There is a guest toilet, plants all around, a lounge area in the courtyard where you can enjoy the African sun, patios, and views of the countryside in the evening. The property has level 4 protection, two swimming pools, and a lapa where you can hang out with friends and braai. They will be jealous of your home. There are two covered parking spots with shade nets and a lot of extra room to park. Very safe, living in the country. The rent does not cover WIFI or electricity.
