This delightful, quiet, private, standalone cluster is in a cul-de-sac in a very popular estate right next to the Lonehill Koppie. Come fall in love with it. It feels like home when you walk into the house, which is what every house should do. The dining room and living room are both large, and the living room has a door that goes to the covered patio. There is a separate scullery area in the well-equipped kitchen that leads out to a garden. There are three bedrooms with hardwood floors. You can get to the yard and pool area from the main bedroom, which has its own bathroom and a lot of space. The bathroom with a jet tub is shared by the other two bedrooms. The fourth bedroom is set apart from the house and looks like a workshop. It was built above the garage and has its own door, living room, kitchenette, and bathroom. The quiet yard with trees and a good-sized pool is yours alone. Fiber, a double garage, tastefully decorated rooms, and a simple way of life. The land is quiet, has enough space for walks, is guarded 24 hours a day, and is close enough to walk to Lonehill Park.
