This beautiful home defies description. Very well finished by a master worker who paid great attention to every detail and used the best materials available. This beautiful house shows how successful you are and is a joy to live in. What a great show for entertainers! There are homes with three bedrooms available. Since the guest room is downstairs, it has easy access to the pool. On the second floor, there are two more bedrooms. The master bedroom has a bathroom with a jet tub, double vanities, a shower, a toilet/bidet, a walk-in closet, and a big balcony with a view of the golf course. The study and home theater room are both fully supplied. Several reception rooms connect to a large patio that opens up to a beautiful tropical garden that has been well taken care of. There is also a gourmet, state-of-the-art designer kitchen for both formal and casual eating. Full home control system, generator with a huge capacity, and a lot more. Excellent housing for workers, parking for three cars, and more than enough parking for guests.
