A work of art in architecture that provides a peaceful haven with stunning views of the Jukskei River and forest. The big front door was made to show off the covered patio, which is a great place to have parties. The kitchen is fully stocked and has a gas stove, granite countertops, and an eat-in dining table that opens up to the traditional dining and living rooms. There is a large bar/entertainment room and a home theater room that is fully prepared. The house has a beautiful wine cellar that is kept at a perfect temperature. This house has 4 large bedrooms, and each one has a modern bathroom attached to it. The master bedroom is very fancy and has a big living room, a walk-in closet, and a beautiful bathroom. The house has an inverter system, Jojo water tanks, a staff accommodation. This really is a home that you shouldn't miss!
