This sunny home features a big volume entry, concrete flooring, and American shutters throughout. This house has an open layout with lots of natural light. Stacking doors on the enclosed patio lead to the pool area, a well-kept garden, and a bar. All of these areas are open concept; the dining room has doors that lead to the garden and swimming pool. For those chilly winter nights, there is a fire place in the slightly detached formal lounge. In addition to an electric burner, eye-level oven, and center island, the kitchen also includes room for a double-door refrigerator. Along with the double garage, there is a separate laundry room and storeroom. There are four bedrooms or three bedrooms and a study on the upstairs landing. There is a guest bathroom downstairs and a full bathroom upstairs that serves all three bedrooms. The master bedroom features a large en suite bathroom and a walk-in closet with plenty of cabinet space. This house is located in a desirable area of the estate, off the estate driveway in a cul-de-sac with a hidden entry. Contact us today for an exclusive private viewing.
