Are you ready to leave your landlord and rental payments behind? We have a beautiful ground-floor and mezzanine office unit in a business park that is well-kept and safe. On the first floor, there are several offices, a board room, bathrooms, and a kitchen. The middle area is mostly open, but there are side offices and a separate kitchen/wet deck area. All of the walls are dry wall, and they can be easily moved around. The building has a gross area of 946m², of which 230m² is the underground parking room that could be used in part as an office or storage space. Park garage lets you drive right up to the office on the first floor, which you won't find anywhere else! Very well taken care of flat with a lot of natural light. Full air conditioning and heating. To get to the front for clients, the back for parking, and the front for pedestrians. Very good location—just a few seconds to the N2 ramp and minutes to all the highway systems. 24/7 gated or safe access control
