This MU3 zoned building has 15 fully rented apartments and two shop units on the ground floor. It is located in the quickly expanding East City Precinct and has a generous nett yield of 10.4%. It is a great chance to buy your first investment property or add to the ones you already have. For each unit, there is a valid lease and a list of people who want to rent that room. As an added bonus for developers, the sellers have gotten a demolition permit based on plans for a 9-story building with 33 apartments and a retail area, in case you decide to go with that choice. This is a unique chance to buy one of the last freestanding buildings in this part of the city at a very reasonable price. It is close to both the M3 and N2 highways, on the MiCiti bus line, and right next to Cape Town City Center.
