Impressive business space is now available right away in Buchanan Square, a place where people are creative and entrepreneurial. Buchanan Square was renovated while keeping many of the original features, such as the rough brick exteriors, steel doors, and cobblestone paths. The building is now a modern business place with a diverse group of creative and passionate tenants. This property is in a great spot with amazing views of the city and mountains, which makes it even more appealing. You have found the perfect office space. It's 120m², has lots of natural light, a bathroom, a kitchen, two air conditioners for your comfort, and big windows on both sides. The whole building has a light industrial feel to it. There is plenty of parking, an elevator, and security staff on duty 24 hours a day to round out the deal. It's lively, close to the city center, and public transportation is easy to get to. One safe parking space is offered for R1000 per month (without VAT). Become part of this trendy mix today, by calling the agent.
