Large mansion located on Kenneth Kaunda Drive in Durban North. This spacious home greets guests with a large living area that fluidly transitions into a passage/entrance hall that leads to an open-plan dining and kitchen area. The kitchen features built-in cabinets, an extractor, a stove, a central island, granite worktops, and well-designed lighting fixtures. The dining room opens up to an attractive outdoor space with a swimming pool and a garden, making it an excellent location for family entertainment and enjoyment on hot summer days in Durban.

The ground level features a spacious bedroom with an ensuite bathroom and plenty of cabinet space. There is also a guest toilet and a laundry room for further convenience. Ascend the solid L-shaped wooden staircase, which has an antique finish that complements the overall design of the residence and leads to four big rooms.

The main bedroom, which has sweeping sea views, is unusually large and contains an ensuite bathroom and walk-in closet. The second, third, and fourth rooms are all generously sized and have built-in cupboards. To provide comfort, all rooms have air conditioning. A second lounge upstairs connects onto a balcony with great views.

The residence has a mix of wooden flooring, parquet, and tiled floors in certain places. The back of the property contains undeveloped ground with possibility for future development.

The property includes a garage and an additional room perfect for staff lodging or storage. There is enough parking on the premises. This property is conveniently located near schools and amenities, providing the ideal balance of comfort and convenience.
