Family home in great Essenwood.

This big secure property is located at the end of a 24-hour guarded cul-de-sac off Essenwood Road, close to Maris Stella School.

This well-built property has great features and may easily be updated to suit your preferences. As you enter the hallway, you will see the enormous formal lounge on your right and the dining room on your left. Double doors lead from the dining room to the well-appointed kitchen, which features granite countertops, a center island with a recessed stove, an eye-level oven, and space for two refrigerators.

There is another dining space in the kitchen. A second lounge/TV room is located off the dining room and has doors that lead onto a large veranda at the front of the home that overlooks the pool and garden.

There is another two-level space on this floor that has been utilized as a work-from-home office. Upstairs, there are five bedrooms and four bathrooms, three of which are en suite.

The main bedroom features a large, stylish bathroom, and the shower area can be used as a sauna. The second and third bedrooms have access to a spacious balcony.

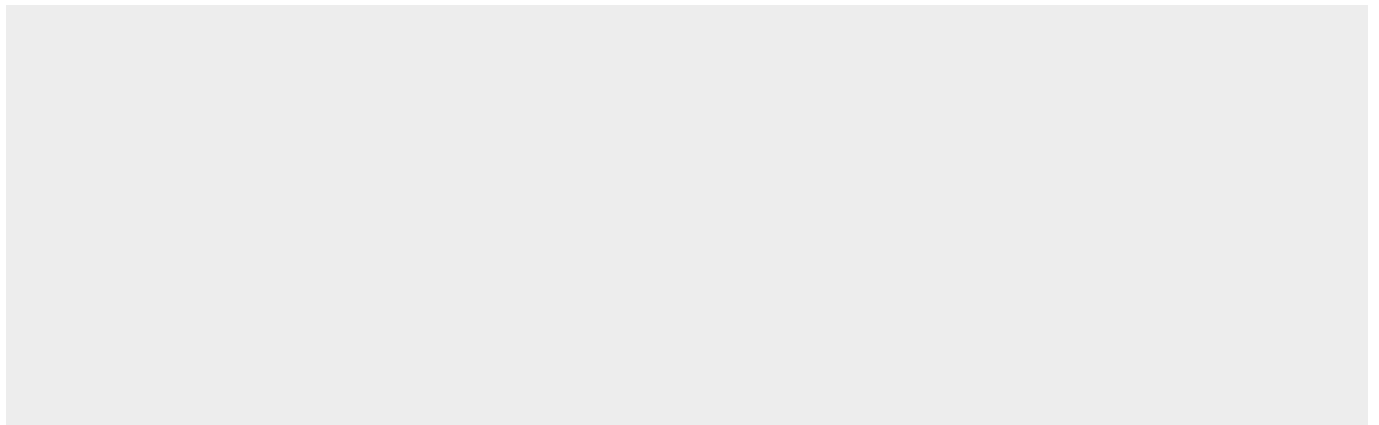

There is a loft area at the top of the house that would be great for a children's playroom. The granny flat is located next to an automatic double garage.

There is also a spacious pool area facing the swimming pool that serves as a game room.

This space might potentially be used as an additional lounge or transformed into a second granny unit. There is parking for at least ten vehicles or more.
