Set up a private showing of this beautiful house. Someone who knows what they want will love this unique house. This is a real gem in a great spot, close to Clifton School and the fun Florida Road. The living room, dining room, and kitchen are all open to each other downstairs. They all have views of the patio, which has a pool, braai, and leisure area. There are great views of the city, stadium, and ocean from the sun deck. On the ground floor, there is a bedroom with a private bathroom and a guest toilet. All of the floors are smooth concrete. Three bedrooms are on the first floor. Each has its own bathroom and walk-in closet. The best part of this one-of-a-kind house is the top floor. The main bedroom is very large and open, so you can see Durban from all sides. See the view from your bed or while you soak in the tub. There is a large walk-in closet in the room. There is a private deck looking north and a large balcony from the bedroom. Both are great for relaxing in the sun. The huge entertainment area in the basement or lower level can be used as a movie theater, library, second family room, or play place for kids. It also has a room that would be great for a basement. Don't let this rare opportunity pass you by. Contact us today for an exclusive private viewing.
