This sleek and stylish apartment has it all. Completely remodeled from top to bottom, this contemporary, large home has premium finishes all around. The enormous front balcony of the apartment has breathtaking 180-degree views of the ocean, and the second, larger balcony offers equally beautiful views of the harbor. With frameless glass panels completely enclosing them, both balconies are ideal for partying and taking advantage of the outside space without being exposed to the elements.

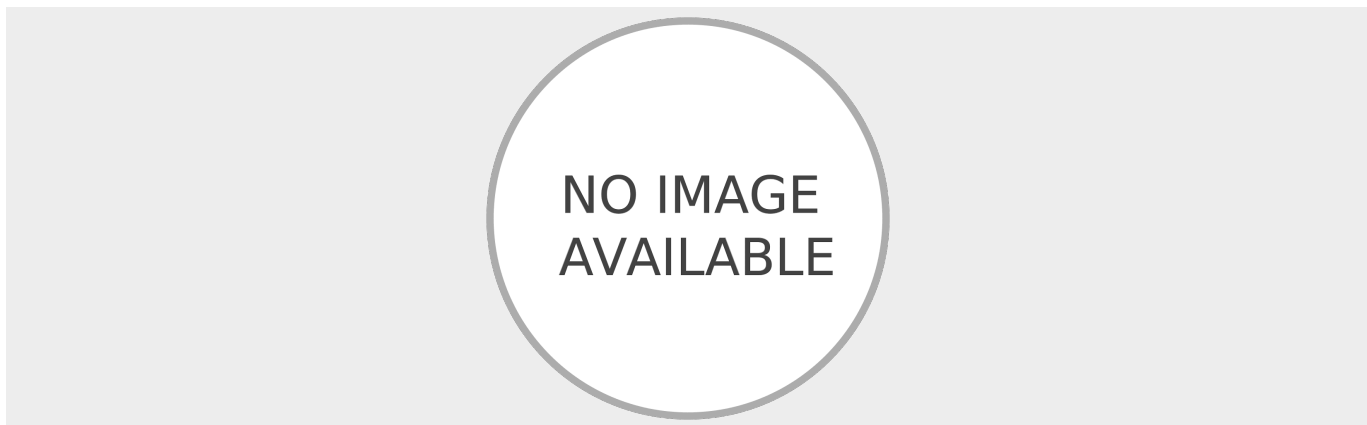

Three bedrooms all have direct access to either of the two balconies. The master bedroom features a show stopper en - suite bathroom. Naturally the entire apartment is fully air-conditioned. This property comes with a basement storeroom and 2 secure parking bays. 24 hour on site security adds to your total peace of mind. The beach, uShaka restaurants and the new promenade are all a few minutes stroll away. This exclusive unit oozes opulence and must be seen to be fully appreciated. The property is sold unfurnished, however most furniture items are available for sale as a separate negotiation with the seller. Viewing is strictly by appointment only.
