Rarely does this desirable unit become available for purchase. The apartment boasts breathtaking views of the harbor and the ocean above Durban.

The apartment is on the second floor, and a ramp leads directly to the door of your unit for our car. There are two sections in the unit. The unit next to the one with the views is 143 square meters, while the one with the views is 318 square meters. These two pieces are offered for sale as a package. The one unit with views features an enclosed balcony with breathtaking views, three designer-finished en-suite bedrooms, and a large lounge.

Gourmet kitchen, dining area, maid's quarters or fourth rooms, double lock-up garage, and nearly four cars of covered parking at your doorstep are all included. The smaller apartment has 143 square meters of open space that might be put to other uses. Additionally, there is space on the floor for prayer chambers. This gem is extremely rare. Don't lose out on the opportunity to transform this unique property into your dream home.
