Introducing this lovely four-bedroom house tucked away in Morningside's lush neighborhood, with two reception rooms, one of which may be used for formal dining, are features of this spotless home.

The huge, contemporary kitchen with walk-in pantry and separate scullery with laundry area is right next to the living room. A sizable space with a stunning bay window on the ground floor serves as a playroom, home office, or bedroom.

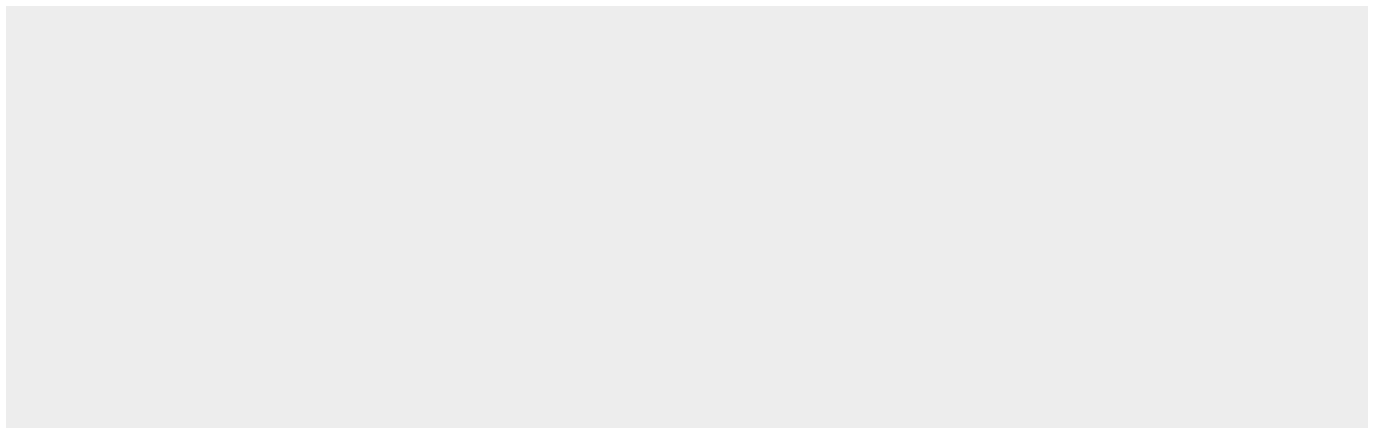

The living space has access to a covered patio that is great for hosting guests and provides a view of a private pool and garden. There is a large walk-in closet and a sitting area in the master bedroom en suite. There are two more generously sized bedrooms with BIC that share a spotless family bathroom.

An excellent plus is the adjoining two-bedroom unit off the garden, which may be used as domestic quarters, a man-cave, or a self-contained granny house! There is a double garage with additional parking for up to 4 cars, electric fencing and 24 hour street security.

This house is in a highly sought-after area and has everything to offer. Be not dissatisfied if this sells out quickly! Yunus Randeree from Tyson Properties Morningside can be viewed by calling now.
