Durban is full of culture, charm, and personality. The view of the city skyline with the renowned Moses Mabhida Stadium arch rising from the bay on a clear blue afternoon is spectacular. When the want to get out and explore strikes, there are kilometers of beautiful beaches and vegetation-rich inland hills rising behind the city borders. This natural beauty has ensured that Durban has and will remain a popular destination for both local and international visitors.

The city's mild climate and gorgeous beaches draw inhabitants, vacationers, and tourists alike. Durban, the largest city in KwaZulu-Natal, is one of the country's most popular tourist destinations, with something for everyone, whether they want to have fun in the sun, learn about culture, participate in sports, go on adventures, or simply relax.

Durban is now South Africa's third largest city and plays an important economic role in the country. This economic importance to the Southern African region is emphasized by its vast harbour, the second largest in the Southern Hemisphere.

The harbour was once wholly industrial, but it now has popular entertainment venues and residential areas along the water's edge. The city also has King Shaka International Airport, which is a world-class integrated passenger and freight airport.

The city is a cultural melting pot, with residents of various races representing a diverse range of religions and beliefs.

There are several attractions in the city, including the uShaka Marine World, the Botanical Gardens, and the famed Golden Mile, which is a large, paved boulevard dotted with eateries. Visit our area profiles to learn more about more famous Durban attractions!
