Presenting this magnificent and elegant residence that amplifies uniqueness and sheer magnificence. This magnificent mansion, tucked away in Prime Morningside, is guaranteed to fulfill aspirations.

With its flawless layout and functional design, this architecturally built home speaks volumes and may be used for decades as a family home. It should come as no surprise that this house was named the most inventively designed of its era!
The house has a natural flow to it.

With its combination of gorgeous marble and wooden floors, high ceilings, natural lighting, and a calming indoor water feature, the entrance hall exudes warmth and welcomes guests right away. It also sets the tone for this exquisite home. Enter the entry hall, go straight to the formal living room, which leads to the dining area, and finally, to the second lounge, which is most usefully used as a TV room.

Through their glass doors, the three living areas let in an abundance of natural light and provide you with the most stunning view possible, including direct access to the outdoor entertainment area with a dazzling pool and breathtaking views. Large and fully equipped, the kitchen has plenty of cabinet space, a fixed breakfast area, and a scullery.

A guest bathroom and a multipurpose room that can be used as a study, office, play space, or teen pad complete the downstairs. All four bedrooms, accessible via the marble staircase, have the most breathtaking views that are amply displayed through the big framed windows.

Every bedroom has carpeting. A Jacuzzi bath tub may be found in the first bedroom's private bathroom. A shared family bathroom serves the second and third bedrooms. From the coziness of your bed, the stunning master bedroom offers a spectacular view of the city and the sea!

His and Hers bathrooms with heated towel rails and a separate dressing area with a private terrace to drink coffee in the morning and breathe in the aroma of grandeur!

There are staff quarters, a store room, and a double lock-up garage with extra space for at least six cars outside. Make sure to get in touch with me right away to arrange a breathtaking tour of this classic house,
