This is a beautiful traditional home with lots of charm and character. It has all the modern conveniences you could want for a happy life and is great for family and friends getting together.

There are many reception areas that are all linked to each other and make it easy to get to the patio, garden, and tennis court. There is an eating room off of the large kitchen.

There are a lot of rooms upstairs. The main suite and the guest suite are both connected to each other. This is the perfect home for a family. It's in a great location, has great security, and has a generator in case the power goes out.
