Sleek and solid, Casa Gallo is stunning in its simplicity and symmetry. It is enhanced by the defining symbol, a monumental iron Gallo sculpture by artist Arturo Gallegos Ipiens. The house is supremely situated on the property to maximize the sunlight, breezes and spectacular views of the volcano. The outdoors is impressive with an expansive greensward, natural wall of trees and foliage, herb and lavender garden, fruit orchard and a Zen meditation area with two sitting rocks from the Ganges and shaded by a 20 meter high Parota tree. The garden was strategically planned to have continuous blooms year round. The heart of the house, a huge terrace Pavillon smoothly integrates the remarkable garden. It is a host's absolute dream with a bar, comfortable living area, chez lounges and dining for 20, alongside the solar heated 12 by 4.5 meter pool and jacuzzi. The imposing entrance intrigues and the grand foyer with a formidable fountain and river stone carpet is balanced on either side by a splendid dining room and an exquisite living room. Adjacent is the totally equipped chef style kitchen. The natural characteristics of the wood, marble and stone blend colour and textures in perfect harmony. Four air conditioned bedroom suites are spacious with sitting areas, good size closets and marble bathrooms with the finest finishings. A comfortable T.V area and media room complete the private family area. There is a 4 car garage plus space for 3 more, service area with 3 bedrooms and 2 baths, storage rooms and a large laundry room. Solar panels for the electricity, water treatment system, 25,000 litres cistern and hydronumatic are some of the amenities. Casa Gallo, in all its splendour was designed to maximize comfort, enjoy relaxation and entertain effortlessly.
