Bel-Air is a large luxury development which consists of 6 phases. The development is located next to Cyberport with its shops, cinemas and boutique hotel. Phase 6 at Bel-Air is known as Bel-Air no. 8 and was designed by renowned architect Norman Foster, making it the most distinctive of the highrise tower blocks. It comprises 8 blocks completed in August 2008 with a total of 709 units. Blocks 1&2 are of 26 storeys, Blocks 3&5 are of 32 storeys, Blocks 6&7 are of 38 storeys and Blocks 8A & 8B are of 39 storeys. Block 1 has 4 apartments per floor, Blocks 2-7 have 3 per floor and the largest apartments are in Blocks 8A & 8B with 2 apartments per floor. The sizes vary from 463 sf saleable to a large penthouse of 4136 sf saleable. They all have balconies and great views and the fixtures and fittings are the highest quality of the various towers.
