What makes this apartment more exclusive, more luxurious than all the others in the area? Location. Finishes. Size... and panoramic views of the ocean and distant mountains. You really would be hard pressed to find any like it. The penthouse suite is situated squarely in front of the beach, so the ocean view is directly in front of you with no competition for your attention. With two stories of living space, all recently remodeled with impeccable attention to detail and fully loaded with luxury finishes... this is first world quality.
