AQUAMARE is located right across the street from the landmark sail-shaped tower formerly known as TRUMP, but it enjoys much better ocean views. As soon as your private elevator lobby takes you to this 3832 sq. ft. three-bedroom gem occupying the full floor on the 29th level, you enter a world of polished-marble understated elegance and you are immediately drawn to the spacious balcony offering mesmerizing views of the Pacific Ocean, stretching from the Amador Causeway to Casco Viejo, the Frank Gehry-designed museum and the entrance to the Canal. EVERYTHING is located within walking distance: the luxurious Multiplaza Pacific Mall, the renowned Johns Hopkins Punta Pacifica hospital, a variety of supermarkets, stores and restaurants. The building provides all the amenities you can think of: pools, gym, children area, squash, racquetball and even Shabbat elevator service.
